Product Care

Two people required for safe assembly

Opening Boxes: DO NOT use a knife to open the packaging as you may damage your furniture. Peel-off the tape, then lift and separate the cardboard flaps to open.

Please follow these Assembly | User Guide Instructions

x1

1

Assembly

Ensure packaging is in correct orientation.

Flatten sides of packaging to expose the desk top and legs in the protective foam-housing.

Leg & Protective Foam Housing

2

Assembly

Remove leg and protective foam-housing in one unit.

3

Assembly

Gather the Legs.

Note:

The legs contain a special slotted-locking system – these are left-hand and right-hand specific – as shown.

Leg Detail.
Slotted-Locking System

Left Leg

Right Leg

Slotted-Locking System

4

Assembly

Align left-hand and right-hand legs to the correct key locks, and push the legs to the base.

Note:

The rubber O-Rings provide a firm fit.

DO NOT REMOVE.

5

Assembly

Screw-in to secure the legs.
